In this long-awaited description of the body-centered therapy developed by Marion Rosen, the reader begins to understand how emotional and physical ailments can be addressed through the gentle touch of the Rosen practitioner. Rosen explains how the practitioner identifies tensions in the body that point to the source of a problem and how that awareness guides the healing process. With the help of psychotherapist Susan Brenner, the director of Rosen Center East and one of Marion's first students, she describes the origins of her method; how people reveal their emotions in body postures; barriers they set up to love, self-expression, and intimacy, and how Rosen work enables a client to move beyond these barriers. Treatments for asthma, migraine headaches, heart problems, weak immune systems, and psychosomatic

This book has been written specifically for holistic therapy students and is invaluable for any major body massage course. It includes a full body massage routine, with each massage movement illustrated with clear, specially commissioned step-by-step photographs. It covers advanced massage techniques such as neuromuscular massage, shiatsu, acupressure and deep tissue massage.

An A - Z of essential oils packed full of essential oils for ailments, tips and useful information. Suitable for home use or for therapists who are qualified or in training. The book covers 36 oils and covers the criteria required to complete VTCT level 3 Aromatherapy qualification. The book covers therapeutic properties of the oils for the emotions and

Download Free Anatomy And Physiology Vtct Exam Paper Answer

physical ailments of the body, listed by body system. It is full of tips, useful charts, glossary, the classification of notes for each oil, blending ratio chart, chemical constituents, various ways to use the oils, what to look for when purchasing essential oils, safety guidelines and more. This book is not a book of recipes or suggested blends but it does contain some tips and suggestions on how to select oils for your own blends or to use the oils singly. The book does, however, contain some suggested blends that have been used by the author for some ailments. Each of the oils are listed alphabetically and contain useful information about their aroma, their note, plant name & family, extraction method, its main chemical constituent, properties, physical benefits (listed by body system type) & emotional benefits; & for all level 3
