On business communication

A Practical, Strategic Approach to Managerial Communication Managerial Communication: Strategies and Applications focuses on communication skills and strategies that managers need to be successful in today's workplace. Known for its holistic overview of communication, solid research base, and focus on managerial competencies, this text continues to be the market leader in the field. In the Seventh Edition, author Geraldine E. Hynes and new co-author Jennifer R. Veltsos preserve the book's strategic perspective and include new updates to reflect the modern workplace. The new edition adds a chapter on visual communication that explains how to design documents, memorable presentations, and impactful graphics. New coverage of virtual teams, virtual presentations, and online communication help students avoid common pitfalls when using technology.

Strategic Communication discusses the four essential elements of effective communication - setting goals, knowing the audience, mastering skills, and

managing anxiety. For the successful communicator this book provides the both framework and the necessary tools. This Seventh Edition helps the reader address the current challenges of communication within the realm of business. The updated examples provide an increased focus on the balance between technology and communication, the new forms of communication technology; in addition to the integration of new research in the area of business communication, management, interpersonal and group communication. Strategic Communication prepares readers for the business world of today.

The new, cutting-edge BUSINESS COMMUNICATION, 7e helps take your communication skills to a higher level by combining up-to-date technology to enhance learning with stellar content to give you the foundations needed for success in business. Reflecting today's e-inundated marketplace, this comprehensive text covers the basics for all forms of business communication, from letters to e-mail, business plans to presentations, listening skills to nonverbal messages, diversity to teamwork, visual aids to Web blogs, interpersonal communication to instant messages, and everything in between.

Corporate Communication, 6th Edition shows readers the importance of creating a coordinated corporate communication system, and describes how organizations benefit from important strategies and tools to stay ahead of the competition. Throughout the book, cases and examples of company situations relate to the chapter material. These cases provide readers with the opportunity to participate in real decisions that managers had to make on a variety of real problems.
