The fifth edition of Michael L. Morgan's Classics of Moral and Political Theory broadens the scope and increases the versatility of this landmark anthology by offering new selections from Aristotle's Politics, Aquinas' Disputed Questions on Virtue and Treatise on Law, as well as the entirety of Locke's Letter Concerning Toleration, Kant's To Perpetual Peace, and Nietzsche's On the Advantage and Disadvantage of History for Life.

In *A Better World, Inc.*, Korngold shows companies and their executives how to profit by developing solutions to the world's most daunting challenges – those that governments cannot and have not addressed. Using case studies of various global companies from Nike to Pfizer to Vodafone and GlaxoSmithKline, *A Better World, Inc.* delineates best practices for corporations to maximize profits, decrease costs, and build the longer-term value of their companies by ensuring a more sustainable and humane world. In declaring that 'only global corporations have the resources, global reach, and self-interest to build a better world,' Korngold shows how to ensure that this is a mutually beneficial and equitable relationship for business

and society. A Better World, Inc. provides a roadmap to success, including stakeholder engagement; partnerships among businesses, NGOs, and governments; measurement, accountability and reporting; and effective corporate governance. Korngold also discusses the most powerful drivers for companies to further intensify their innovations in solving global challenges: consumers, employees, and investors.

Land Use Controls: Cases and Materials emphasizes an interdisciplinary approach that weaves historical, social, and economic causes and effects of legal doctrine. The casebook also brings out the functional relationships between formally unrelated routes of

law—statutes, ordinances,

constitutional doctrines, and common law—by focusing on their practical deployment, developers, neighbors, planners, politicians, and their empirical effects on outcomes like neighborhood quality, housing supply, racial segregation, and tax burdens. A thematic framework illuminates the connections among multiple topics under land law and gives attention to the factual and political context of the cases and aftermath of decisions.

Dynamic pedagogy features original introductory text, cases, notes, excerpts from law review articles, and visual aids (maps, charts, graphs) throughout. New to the Fifth Edition: A focus on affordability and the new conflicts over urban zoning A fully updated treatment of local administrative law Recent

Unsolvable cases Since former Marine Jack Morgan started Private, it has become the world's most effective investigation firm--sought out by the famous and the powerful to discreetly handle their most intimate problems. Private's investigators are the smartest, the fastest, and the most technologically advanced in the world--and they always uncover the truth. Impossible murders When his former lover is found murdered in Jack Morgan's bed, he is instantly the number one suspect. While Jack is under police investigation, the mob strong-arms him into recovering \$30 million in stolen pharmaceuticals for them. And the beautiful manager of a luxury hotel chain persuades him to quietly investigate a string of murders at her properties. The #1 suspect is Jack Morgan While Jack is fighting for

and real, relevant scenarios -- from marijuana contracts to the impact of Covid-19 at work. This book's conversational writing presents even complex legal topics in easy-to-understand language. Because the authors practiced law before teaching, they are able to explain how law really works in everyday business practice. Carefully selected topics are sure to pique your interest as this edition emphasizes today's digital landscape with new information on privacy and intellectual property. An updated ethics chapter offers a practical approach, using the latest research to explain why people make unethical decisions. MindTap digital resources further reinforce learning.
