Identity politics does not just extend to ethnic or racial groups, but sex and gender categories as well, all united in opposition to a common oppressor group: straight, white males.

### Plot to Change America Driven by Identity Politics

For many leftist commentators, in particular, identity politics is something of a *bête noire*, representing the capitulation to cultural criticism in place of analysis of the material roots of oppression. Marxists, both orthodox and revisionist, and socialists—especially those who came of age during the rise of the New Left in western countries—have often interpreted the perceived ascendancy of identity politics as representing the end of radical materialist critique (see discussions in ...

Cultural identity is the identity of belonging to a group. It is part of a person's self-conception and self-perception and is related to nationality, ethnicity, religion, social class, generation, locality or any kind of social group that has its own distinct culture. In this way, cultural identity is both characteristic of the individual but also of the culturally identical group of members sharing the same cultural identity or upbringing. Cultural identity is a subset of the communication the
