Like his most famous masterpiece, The Planet of the Apes, Desperate Games is a dystopian sci-fi classic, imagining an alternate future where humans seal their own fate. Despairing at the state of world degeneration, a group of the world's most renowned intellectuals form the new Scientific World Government, aiming to put the world to rights.

Desperate Games: Amazon.co.uk: Pierre Boulle ...

Desperate Games is practically a case study in how not to run with an idea. The premise (or what appears to be the premise) is quite clever: he posits that the international scientific community has come to the conclusion that the world's leaders are doing a very poor job of it, and that scientists could do things much better -- indeed, that a scientific approach is all it takes to solve all the world's problems.

Desperate Games - Pierre Boulle - Complete Review

7 Long-Awaited Games That We're Desperate To Play. 7th August 2020. 2020 has had some unbelievably good games but no matter how many amazing titles we play, we can't help but stare off into the future and ponder the ones that we haven't got our hands on yet.

7 Long-Awaited Games That We're Desperate To Play

About This Game Welcome to the world of running dead. The game is based on running dead model. In the game, you will play as a blind girl who lost her eye sight by accident. To recover her sight, she has to join in the desperate game. There are ninety-nine players in the game, but only one winner for the champion, who survives till the end of the game.
