Floating-Rate Securities by Fabozzi, Frank J., Mann ...

Rather than paying a fixed rate of interest, floating-rate securities (or floaters) offer interest payments which reset periodically, with rates tied to a representative interest rate index. Floaters were first issued during a period of extreme interest rate volatility during the late 1970s. From the investor's perspective, floaters can offer enhanced yields when compared to a strategy of rolling over comparably rated short-term instruments and paying the related costs associated with each ...
