Early life and childhood. Elizabeth Blackwell was born on February 3, 1821, in Bristol, England to Samuel and Hannah Blackwell. Because Samuel Blackwell was a dissenter (one who refuses to accept the authority of an established church), the Blackwell children were denied public schooling. Samuel hired private tutors who went against English tradition and instructed the girls in the same subjects as the boys.

Online Library Elizabeth Blackwell Girl Doctor Childhood Of Famous Americans

The life of the first woman doctor in the United States, who worked in England and America to open the field of medicine to women.

In the 1830s, when a brave and curious girl named Elizabeth Blackwell was growing up, women were supposed to be wives and mothers. Some women could be teachers or seamstresses, but career options were few. Certainly no women were doctors. But Elizabeth refused to accept the common beliefs that women weren't smart enough to be doctors, or that they were too weak for such hard work. And she would not take no for an answer. Although she faced much opposition, she worked hard and
