A fascinating political travelogue that traces the life and work of George Orwell, author of 1984 and ANIMAL FARM, in Southeast Asia Over the years the American writer Emma Larkin has spent traveling in Burma, also known as Myanmar, she's come to know all too well the many ways this brutal police state can be described as "Orwellian." The life of the mind exists in a state of siege in Burma, and it long has. But Burma's connection to George Orwell is not merely metaphorical; it is much deeper and more real. Orwell's mother was born in Burma, at the height of the British raj, and Orwell was fundamentally shaped by his experiences in Burma as a young man working for the British Imperial Police. When Orwell died, the novel-in-progress on his desk was set in Burma. It is the place George Orwell's work holds in Burma today, however, that most struck Emma Larkin. She was frequently told by Burmese acquaintances that Orwell did not write one book about their country - his first novel, Burmese Days - but in fact he wrote three, the "trilogy" that included Animal Farm and Nineteen Eighty-Four. When Larkin quietly asked one Burmese intellectual if he knew the work of George Orwell, he stared blankly for a moment and then said, "Ah, you mean the prophet!" In one of the most intrepid political travelogues in recent memory, Emma Larkin tells of the year she spent traveling through Burma using the life and work of George Orwell as her compass. Going from Mandalay and Rangoon to poor delta backwaters and up to the old hill-station towns in the mountains of Burma's far north, Larkin visits the places

where Orwell worked and lived, and the places his books live still. She brings to vivid life a country and a people cut off from the rest of the world, and from one another, by the ruling military junta and its vast network of spies and informers. Using Orwell enables her to show, effortlessly, the weight of the colonial experience on Burma today, the ghosts of which are invisible and everywhere. More important, she finds that the path she charts leads her to the people who have found ways to somehow resist the soul-crushing effects of life in this most cruel police state. And George Orwell's moral clarity, hatred of injustice, and keen powers of observation serve as the author's compass in another sense too: they are qualities she shares and they suffuse her book - the keenest and finest reckoning with life in this police state that has yet been written.

Finding George Orwell in Burma is a brave and revelatory reconnaissance of modern Burma, one of the world's grimmest and most shuttered dictatorships, where the term "Orwellian" aptly describes the life endured by the country's people. George Orwell's 'Big Brother' is alive and well in Burma; to many Burmese, Orwell is known as 'The Prophet'. In this book, Emmar Larkin journeys into the Orwellian land created by Burma's ruling generals, and presents a side to the country that the military government does not want revealed.

An incisive, unprecedented report on life inside Burma from the author of Finding George Orwell in Burma On May 2, 2008, an enormous tropical cyclone made landfall in Burma, wreaking untold havoc and killing more than 138,000 people. In No Bad News for the King, Emma Larkin, a Westerner who has been traveling to and secretly reporting on Burma for years, uses her extraordinary access and intimate understanding of the Burmese people to deliver a beautifully written and stunningly reported story that has never been told before. Chronicling the tragedy that unfolded in the chaotic days and months that followed the storm, she also examines the secretive politics of Burma's military dictatorship, a regime that relies on vicious military force and a bizarre combination of religion and mysticism to rule the country.

How did one of the world's "buzzy hotspots" (Fodor's 2013) become one of the top ten places to avoid (Fodor's 2018)? Precariously positioned between China and India, Burma's population has suffered dictatorship, natural disaster, and the dark legacies of colonial rule. But when decades of military dictatorship finally ended and internationally beloved Nobel laureate Aung San Suu Kyi emerged from long years of house arrest, hopes soared. World leaders such as Barack Obama ushered in waves of international support. Progress seemed inevitable. As historian, former diplomat, and presidential advisor, Thant Myint-U saw the cracks forming. In this insider's diagnosis of a country at a breaking point, he dissects how a singularly predatory economic system, fast-rising inequality, disintegrating state institutions, the impact of new social media, the rise of China next door, climate change, and deep-seated feelings around race, religion, and national identity all came together to challenge the incipient democracy. Interracial violence soared and a horrific exodus of hundreds of thousands of Rohingya refugees fixed international attention. Myint-U explains how and why this happened, and details an unsettling prognosis for the future. Burma is today a fragile stage for nearly all the world's problems. Are democracy and an economy that genuinely serves all its people possible in Burma? In clear and urgent prose, Myint-U explores this question—a concern not just for the Burmese but for the rest of the world—warning of the possible collapse of this nation of 55 million while suggesting a fresh agenda for change.

The secrets hidden in an overgrown plot of land in the centre of Bangkok reveal the politics, society and culture of contemporary Thailand; in an authentic and luminous debut novel for readers of Jennifer Egan and Jonathan Coe.

A deeply reported account of life inside Burma in the months following the disastrous Cyclone Nargis and an analysis of the brutal totalitarian regime that clings to power in the devastated nation.

"Craig wields powerful and vivid prose to illuminate a country and a family trapped not only by war and revolution, but also by desire and loss." —Viet Thanh Nguyen, Pulitzer Prize–winning author Miss Burma tells the story of modern-day Burma through the eyes of Benny and Khin, husband and wife, and their daughter Louisa. After attending school in Calcutta, Benny settles in Rangoon, then part of the British Empire, and falls in love with Khin, a woman who is part of a long-persecuted ethnic minority group, the Karen. World War II comes to Southeast Asia, and Benny and Khin must go into hiding in the eastern part of the country during the Japanese occupation, beginning a journey that will lead them to change the country's history. Years later, Benny and Khin's eldest child, Louisa, has a danger-filled, tempestuous childhood and reaches prominence as Burma's first beauty queen soon before the country falls to dictatorship. As Louisa navigates her newfound fame, she is forced to reckon with her family's past, the West's ongoing covert dealings in her country, and her own loyalty to the cause of the Karen people. Based on the story of the author's mother and grandparents, Miss Burma is a captivating portrait of how modern Burma came to be and of the ordinary people swept up in the struggle for self-determination and freedom. "At once beautiful and heartbreaking. . . An incredible family saga." —Refinery29 "Miss Burma charts both a political history and a deeply personal one—and of those incendiary moments when private and public motivations overlap." —Los Angeles Times
