Overview The Pulitzer Prize-winning book Founding Brothers: The Revolutionary Generation is the work of renowned American history writer, Joseph J. Ellis.

Founding Brothers: The Revolutionary Generation

Ellis considers the founding members of the revolutionary generation as actors on the stage of history, securing their legacies through battle and later though legislation. Ellis reminds the reader that though Americans take the fact of their independence for granted, their forefathers were not so certain of revolutionary success.

Founding Brothers by Joseph J. Ellis Plot Summary | LitCharts

Founding Brothers: The Revolutionary Generation is a Pulitzer Prize-winning book written by Joseph Ellis, a professor of history at Mount Holyoke College, which won the 2001 Pulitzer Prize for History. It explores selected interactions among a group of individuals both gifted and flawed; interactions that profoundly influenced the early development of the United States.

Founding Brothers - Wikipedia

Founding Brothers is an illuminating, Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic: Adams, Burr, Franklin, Hamilton, Jefferson, Madison, and Washington. During the 1790s these great statesmen came together to define the new republic and direct its course for the future.

founding-brothers-the-revolutionary-generation

Ellis has chosen to concentrate the framework of Founding Brothers around key members of the Revolutionary generation, including Washington, Adams, Jefferson, Madison, Franklin, and Hamilton, among others. The first chapter of the text details the most famous duel in American history. Alexander Hamilton and Aaron Burr met on July 11, 1804 near Weehawken, New Jersey in a challenge of honor.

Founding Brothers: The Revolutionary Generation by Joseph ...

Founding Brothers: The Revolutionary Generation by Joseph J. Ellis About the Book In a landmark work of history, the National Book Award-winning author of American Sphinx explores how a group of greatly gifted but deeply flawed men--Hamilton, Burr, Jefferson, Franklin, Washington, Adams, and Madison--set the course for our nation.

In this landmark work of history and winner of the Pulitzer Prize, Joseph J. Ellis explores how a group of greatly gifted but deeply flawed individuals--Hamilton, Burr, Jefferson, Franklin, Washington, Adams, and Madison--confronted the overwhelming challenges before them to set the course for our nation. The United States was more a fragile hope than a reality in 1790. During the decade that followed, the Founding Fathers--re-examined here as Founding Brothers--combined the ideals of the Declaration of Independence with the content of the Constitution to create the practical workings of our government. Through an analysis of six fascinating episodes--Hamilton and Burr's deadly duel, Washington's precedent-setting Farewell Address, Adams' administration and political partnership with his wife, the debate about where to place the capital, Franklin's attempt to force Congress to confront the issue of slavery and Madison's attempts to block him, and Jefferson and Adams' famous correspondence--Founding Brothers brings to life the vital issues and personalities from the most important decade in our nation's history.

The introduction, discussion questions, suggestions for further reading, and author biography that follow are intended to enhance your reading group's discussion of Joseph Ellis's Founding Brothers: The Revolutionary Generation . We hope they will enrich your experience of this Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic--John Adams, Aaron Burr, Benjamin

Franklin, Alexander Hamilton, Thomas Jefferson, James Madison, and George Washington.

Founding Brothers is an illuminating, Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic: Adams, Burr, Franklin, Hamilton, Jefferson, Madison, and Washington. During the 1790s these great statesmen came together to define the new republic and direct its course for the future. Ellis focuses on six key 'moments' in this era: Burr and Hamilton's deadly duel; the 'secret dinner' of Hamilton, Jefferson, and Madison, during which the seat of the nation's capital was determined; Franklin's petition to end slavery, and Madison's efforts to quash it; Washington's farewell address that offered his country some parting advice about US involvement in other nations' affairs; Adams's difficult term as Washington's successor; and Adams and Jefferson's correspondence at the end of their lives, in which they compared their views of the Revolution and its legacy. In a lively and engaging narrative, Ellis shows us the private characters behind the public personas, and argues that the checks and balances that permitted the republic to endure were intensely personal, rooted in the dynamic interaction of these men. Founding Brothers informs our understanding of American politics - then, and now.

Following Thomas Jefferson from the drafting of the Declaration of Independence to his retirement in Monticello, Joseph J. Ellis unravels the contradictions of the Jeffersonian character. He gives us the slaveholding libertarian who was capable of decrying mescegenation while maintaining an intimate relationship with his slave, Sally Hemmings; the enemy of government power who exercised it audaciously as president; the visionary who remained curiously blind to the inconsistencies in his nature. American Sphinx is a marvel of scholarship, a delight to read, and an essential gloss on the Jeffersonian legacy.

From the first shots fired at Lexington to the signing of the Declaration of Independence to the negotiations for the Louisiana Purchase, Joseph J. Ellis guides us through the decisive issues of the nation's founding, and illuminates the emerging philosophies, shifting alliances, and personal and political foibles of our now iconic leaders—Washington, Jefferson, Madison, Hamilton, and Adams. He casts an incisive eye on the founders' achievements, arguing that the American Revolution was, paradoxically, an evolution—and that part of what made it so extraordinary was the gradual pace at which it occurred. He explains how the idea of a strong federal government was eventually embraced by the American people, and details the emergence of the two-party system, which stands as the founders' most enduring legacy. Ellis is equally incisive about their failures, and he makes clear how their inability to abolish slavery and to reach a just settlement with the Native Americans has played an equally important role in shaping our national character. With eloquence and insight, Ellis strips the mythic veneer of the revolutionary generation to reveal men both human and inspired, possessed of both brilliance and blindness. American Creation is an audiobook that delineates an era of flawed greatness, at a time when understanding our origins is more important than ever.

"Impassioned and erudite. A captivating portrait of this Massachusetts native as a wonderfully contrary genius possessed of an uncommon moral intelligence and farsighted political wisdom." —Michiko Kakutani, New York Times A fresh look at this astute, likably quirky statesman, by the author of the Pulitzer Award-winning Founding Brothers and the National Book Award winning American Sphinx. "The most lovable and most laughable, the warmest and possibly the wisest of the founding fathers, John Adams knew himself as few men do and preserved his knowledge in a voluminous correspondence that still vibrates. Ellis has used it with great skill and perception not only to bring us the man, warts and all, but more importantly to reveal his extraordinary insights into the problems confronting the founders that resonate today in the republic they created." —Edmund S. Morgan, Sterling Professor of History Emeritus, Yale University

The award-winning author of Founding Brothers and The Quartet now gives us a deeply insightful examination of the relevance of the views of George Washington, Thomas Jefferson, James Madison, and John Adams to some of the most divisive issues in America today. The story of history is a ceaseless conversation between past and present, and in American Dialogue Joseph J. Ellis focuses the conversation on the often-asked question "What would the Founding Fathers think?" He examines four of our most seminal historical figures through the prism of particular topics, using the perspective of the present to shed light on their views and, in turn, to make clear how their now centuries-old ideas illuminate the disturbing impasse of today's political conflicts. He discusses Jefferson and the issue of racism, Adams and the specter of economic inequality, Washington and American imperialism, Madison and the doctrine of original intent. Through these juxtapositions--and in his hallmark dramatic and compelling narrative voice--Ellis illuminates the obstacles and pitfalls paralyzing contemporary discussions of these fundamentally important issues.

Draws on the Washington papers from archives at the University of Virginia to chronicle George Washington's military career and presidential years, discussing his struggle to keep an emerging America united and other accomplishments.

The Pulitzer Prize and National Book Award-winning author of First Family presents a revelatory account of America's declaration of independence and the political and military responses on both sides throughout the summer of 1776 that influenced key decisions and outcomes.

Setting the World Ablaze is the story of the American Revolution and of the three Founders who played crucial roles in winning the War of Independence and creating a new nation: George Washington, John Adams, and Thomas Jefferson. Braiding three strands into one rich narrative, John Ferling brings these American icons down from their pedestals to show them as men of flesh and blood, and in doing so gives us a new understanding of the passion and uncertainty of the struggle to form a new nation. A leading historian of the Revolutionary era, Ferling draws upon an unsurpassed command of the primary sources and a talent for swiftly moving narrative to give us intimate views of each of these men. He shows us both the overarching historical picture of the era and a gripping sense of how these men encountered the challenges that faced them. We see Washington, containing a profound anger at British injustice within an austere demeanor; Adams, far from home, struggling with severe illness and French duplicity in his crucial negotiations in Paris; and Jefferson, distracted and indecisive, confronting uncertainties about his future in politics. John Adams, in particular, emerges from the narrative as the most under-appreciated hero of the Revolution, while Jefferson is revealed as the most overrated, yet most eloquent, of the Founders. Setting the World Ablaze shows in dramatic detail how these conservative men--successful members of the colonial elite--were transformed into radical revolutionaries.
