an ax to her head while their three-year-old daughter, Franny, played alone in her room across the hall.

Recent transplants to Chosen, the Clares have not received the warmest welcome; once a thriving dairy farm, their home is haunted

Hearing The

Vococentrism, the voice in cinema, and music's role in the integrated soundtrack. The collection is divided into four sections. The first explores historical approaches to technology in the silent film, French cinema during the transition era, the

films of the so-called New Hollywood, and the post-production sound business.

The second investigates the practice of the singing voice in diverse repertoires such as Bergman's films, Eighties teen films, and girls' voices in Brave and
