These 365 must-ride motorcycles range from classic gaslight-era bikes, racers, and modern sportbikes to oddities that have to be ridden to be understood (or believed).

Having this book in your pocket is just like having a real marque expert by your side. Benefit from the author's years of Honda experience, learn how to spot a bad bike quickly, and how to assess a promising one like a professional. Get the right bike at the right price!

"The Perfect Motorcycle" provides the definitive, step-by-step process any motorcyclist can use to identify, find, and purchase the right bike. The book's practical advice and proven techniques are accompanied by invaluable worksheets that save time and money.

Shows you techniques on how to develop real world skills for speed, safety and confidence on the street and track.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and

shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's Etiquette offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

A revealing biography of Britain's future king by a New York Times–bestselling author the Wall Street Journal hails “the Godfather of royal reporting.” With exclusive interviews and extensive research, King Charles delivers insight into the life of His Royal Highness, the Prince of Wales, as he nears the throne at a watershed moment in modern history and in the British monarchy. Author Robert Jobson debunks the myths about the man who will be king, going beyond bogus media caricatures of Charles to tell his true story. Jobson—who has spent nearly thirty years chronicling the House of Windsor, and has met Prince Charles on countless occasions—received unprecedented cooperation from Clarence House, the Prince's office, in writing this biography. King Charles divulges the full range of the Prince's political beliefs: the United Kingdom's special relationship to the United States, climate change, Brexit, and immigration—to ultimately portray the kind of monarch Charles III will be. Jobson taps a number of sources close to the Prince who have never spoken on the record before, plus members of the Royal Household who have served the Prince during his decades of public life. This comprehensive profile also reveals the plans for Charles to serve as Prince Regent once the Queen turns ninety-five; how at her insistence he already reads all government briefings; and why he feels it is his constitutional duty to relay his thoughts to ministers in his controversial “black spider memos.” Moreover, King Charles reveals the truth about the Prince's relationship with his second wife and chief supporter, Camilla. The result is an intriguing portrait of a man on the cusp of kingship.
