Human Osteology is the classic field and laboratory manual of the human skeleton by preeminent forensic anthropologist and founder of the Human Body Farm, Dr. William M. Bass. This book is now in the 9th printing of the 5th edition. It describes all 206 bones of the human adult body.

**Human Osteology, A Laboratory and Field Manual by William Bass**

Be aware that a 5th edition is a available. If this book held up better, it would get a higher rating. I went through three copies of Bass as an MA student since the wire binding is wonderful at not keeping the book held together. Tim D. White's Human Bone Manual has a far superior binding.
