What pesticide application activities require a license in Indiana? Certification of commercial applicators in Indiana is a legal requirement for anyone who applies any pesticide (herbicide, insecticide, fungicide, rodenticide, etc.) including over-the-counter and restricted-use products: to someone else's property as a for-hire service;

Indiana Pesticide Applicator FAQ

Indiana Commercial Pesticide and Fertilizer Applicator Continuing Certification Program. The CCH system is a program of continuing certification designed to encourage certified applicators to stay abreast of changes pertinent to their work - and to increase professional competency - while earning the privilege of automatic renewal following the five-year certification period.

Pesticide Section - Continuing Certification Program

Indiana has 15 commercial pesticide applicator categories: There is an exception to the two-step (Core and category) certification process for certain commercial applicators. Certification in Categories 12 and 14 does NOT require the applicant to take the Core examination. (Certification in Category 13 requires a Core examination only.) Certification as a commercial, for-hire lawn care applicator (Category 3b) or as a commercial, for-hire termite control operator (Category 7b) requires Core ...

How Do I Get Certified? | Purdue Pesticide Programs

The pesticide section of OISC regulates the distribution and application of pesticides in the State of Indiana. The pesticide section is charged with the administration and enforcement of Indiana pesticide laws (I.C. 15-16-4 and I.C. 15-16-5) and also represents the U.S. Environmental Protection Agency (EPA) in Indiana for the purpose of enforcing many provisions of federal pesticide law.
