Janet Burroway followed in the footsteps of Sylvia Plath. Like Plath, she was an early Mademoiselle guest editor in New York, an Ivy League and Cambridge student, an aspiring poet-playwright-novelist in the period before feminism existed, a woman who struggled with her generation's conflicting demands of work and love. Unlike Plath, Janet Burroway survived. In sixteen essays of wit, rage, and reconciliation, *Embalming Mom* chronicles loss and renaissance in a life that reaches from Florida to Arizona across to England and home again. Burroway brilliantly weaves her way through the dangers of daily life—divorcing her first husband, raising two boys, establishing a new life, scattering her mother's ashes and sorting the meager possessions of her father. Each new danger and challenge highlight the tenacious will of the body and spirit to heal. "Ordinary life is more dangerous than war because nobody survives," Burroway contemplates in the essay "Danger and Domesticity," yet each of her meditations reminds us that it's our daily rituals and trials that truly keep us alive.

More than 250,000 copies sold! A creative writer's shelf should hold at least three essential books: a dictionary, a style guide, and *Writing Fiction*. Janet Burroway's best-selling classic is the most widely used creative writing text in America, and for more than three decades it has helped hundreds of thousands of students learn the craft. Now in its tenth edition, *Writing Fiction* is more accessible than ever for writers of all levels—inside or outside the classroom. This new edition continues to provide advice that is practical, comprehensive, and flexible. Burroway's tone is personal and nonprescriptive, welcoming learning writers into the community of practiced storytellers. Moving from freewriting to final revision, the book addresses "showing not telling," characterization, dialogue, atmosphere, plot, imagery, and point of view. It includes new topics and writing prompts, and each chapter now ends with a list of recommended readings that exemplify the craft elements discussed, allowing for further study. And the examples and quotations throughout the book feature a wide and diverse range of today's best and best-known creators of both novels and short stories. This book is a master class in creative writing that also calls on us to renew our love of storytelling and celebrate the skill of writing well. Publisher description

This covers all four genres: creative nonfiction, fiction, poetry, and drama. This textbook discusses elements of craft common to all creative writing before delving into the individual genres. After an introduction, the next five chapters each investigate a specific element of craft- Image, Voice, Character, Setting, and Story-from a perspective that crosses all genres. Nearly half of the selections in all four genres are new. New "Try This" exercises give students plenty of practice. Imaginative Writing is a very popular book for courses on teaching the craft of creative writing.

Unconventions is a quirky and provocative miscellany that reveals Michael Martone's protean interests as a writer and a writing teacher. Martone has, shall we say, a problem with authority. His chief pleasure in knowing the rules of his vocation comes from trying out new ways to bend, blend, or otherwise defy them. The pieces gathered in Unconventions are drawn from a long career spent loosening the creative strictures on writing. Including articles, public addresses, essays, interviews, and even a eulogy, these writings vary greatly in form but are unified in addressing the many technical and artistic issues that face all writers, particularly those interested in experimental and nontraditional modes and forms. Martone's approach has always been to synthesize, to understand and use any technique, formula, or style available. "I find myself, then," he writes, "self-identifying as a formalist, both and neither an experimenter and/or a traditionalist." In "I Love a Parade: An Afterword," Martone writes about not fitting in--and loving it--as he recalls the time he marched alone in a local Labor Day parade, as a one-person delegation from the National Writers Union. Elsewhere, in writings formally, stylistically, purposely at odds with themselves, Martone's expansive curiosity is on full display. We learn about camouflage techniques, how a baby acquires language, how to "read" a WPA-era post office mural, and why Martone sold his stock in the New Yorker and reinvested his money in the company that makes Etch A Sketch®. Unconventions, then, is Martone's "Frankensteinian monster," a kind of unruly, hybrid spawn of the mainstream writing enterprise. "Writing seems to me an intrinsic pleasure, an end in itself first," says Martone. "The question for me is not whether my writing, or any piece of writing, is good or bad but what the writing is and what it is doing and how finally it is used or can be used by others."
