A sweet contemporary romance about a boy who falls in love with his best friend and the girls who help them get together. Jamie Peterson has a problem: Even though he tries to keep his feelings to himself, everyone seems to know how he feels about Mason, and the girls in his art class are determined to help them get together. Telling the truth could ruin Jamie and Mason's friendship, but it could also mean a chance at happiness. Falling in love is easy, except when it's not, and Jamie must decide if coming clean to Mason is worth facing his worst fear. In Fan Art, Sarah Tregay, the author of the romantic Love and Leftovers, explores the joys and pains of friendship, of pressing boundaries, and how facing our fears can sometimes lead us to what we want most. Fan Art is perfect for fans of contemporary romances as well as novels like Two Boys Kissing by David Levithan and Openly Straight by Bill Konigsberg.

Follow Buck, a Boston Terrier, as he does his favorite activities—from playing ball to walking around the block. This picture book for the very young introduces children to dogs with large, bright illustration and encourages reading.

Fifteen-year-old Sarah Greene's father—chef by day, camera buff by night—choked to death on a piece of steak. It was the best day of Sarah's life. But a year later, Sarah still struggles with the legacy of her father's abuse. While other girls her age are determined to find boyfriends and part-time jobs and dresses for the prom, Sarah is on a search-and-destroy mission: to find the shoe box containing her father's collection of kiddy porn. After a brief skirmish with the law, Sarah is sentenced to do community service hours at Camp Dog Gone Fun, a summer program for shelter dogs. With the love of a big goofy dog named Judy, the friendship of Sullivan, a guy with problems of his own, and the support of a few good adults, Sarah begins to understand her past and believe in a brighter future.

A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In Work Won't Love You Back, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth -- the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and experiences of workers in various industries -- from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete -- Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction.

Love at First Book is a sweet, romantic YA short story in verse.From across the coffee shopLorelei catches a stanzaof heart-stopping description of a boy with a book in his back pocket. And that might have been her last line if he didn't leave it behind with a poem tucked between the pages. A poem about a candy-striper with bright hair and an angel's voice who reads to hospital patients like Lorelei does.

"Tom between two men, Kailey Crane is faced with an impossible choice: embrace the bright future she has with her new fiance, or dedicate herself to reclaiming a past love that may be gone forever. Set amidst the Seattle music scene of the 90s as well as the present day, Always parallels the past and present in a unique love story about a woman who discovers what she's willing to save and what she will sacrifice"--

The story of a sensitive, gifted African American girl who tells us with mordant humor what it feels like to spend every day wishing so hard that you could fly away from it all

Running away from home hasn't solved Iphigenia Murphy's problems. In fact, it's only a matter of time before they'll catch up with her. Iffy is desperate to find her long-lost mother, and, so far, in spite of the need to forage for food and shelter and fend off an unending number of creeps, living in Queens' Forest Park has felt safer than living at home. But as the summer days get shorter, it all threatens to fall apart. A novel that explores the sustaining love of friendship, the kindness of strangers, and the indelible bond of family, Iphigenia Murphy captures the gritty side of 1992 Queens, the most diverse borough in New York City. Just like Iffy, the friends she makes in the park—Angel, a stray dog with the most ridiculous tail; Corinne, a young trans woman who is escaping her own abusive situation; and Anthony, a former foster kid from upstate whose parents are addicts—each seek a place where they feel at home. Whether fate or coincidence has brought them together, within this community of misfits Iffy can finally be herself, but she still has to face the effects of abandonment and abuse—and the possibility that she may be pregnant. During what turns out to be a remarkable journey to find her mother, will Iffy ultimately discover herself?
