~~Making Better Decisions Using Systems Thinking - How to ...~~

Systems thinking is a powerful tool for addressing these dilemmas. The archetypes developed offer us sharp insights into the way we unintentionally create patterns that keep bringing us back into the problems we trying to solve and how to deal with them.

~~Making Better Decisions Using Systems Thinking | SpringerLink~~

Making Better Decisions Using Systems Thinking: How to stop firefighting, deal with root causes and deliver permanent solutions Jaap Schaveling , Bill Bryan This book provides a framework to help managers go beyond simply fighting fires every day, offering the tools to address the underlying causes of recurring problems and deliver long-term solutions.

~~Making Better Decisions Using Systems Thinking: How to ...~~

This book shows how to understand systems in order to make smarter decisions. It offers managers intervention techniques that enable them to solve the core problem instead of wasting time constantly fighting the symptoms. The most obvious part of any problem is the pain it causes. The desire to end the pain and find a solution, any solution, which will make it go away now is usually so great that it blinds managers to the underlying systemic cause of the problem.

~~Making Better Decisions Using Systems Thinking | SpringerLink~~

System 1 is the intuitive, rapid and automatic system which demands less energy is where most of our decisions are made. We use our
