~~Instructor's Guide for Pharmacotherapy Casebook: A Patient~~  
---

The purpose of the Pharmacotherapy Casebook is to help students in the health professions and practicing clinicians develop and refine the skills required to identify and resolve drug therapy problems by using patient case studies. Case studies can actively involve students in the learning process; engender self-confidence; and promote the development of skills in independent self-study, problem analysis, decision-making, oral communication, and teamwork.
