As a framing device, the authors use regional designations.

**Power and Plenty: Trade, War, and the World Economy in the...**

Synopsis. International trade has shaped the modern world, yet until now no single book has been available for both economists and general readers that traces the history of the international economy from its earliest beginnings to the present day. Power and Plenty fills this gap, providing the first full account of world trade and development over the course of the last millennium.

--David S. Jacks, World Trade Review "[A] solid new book. Power and Plenty is an ambitious endeavor that examines the works in the second millennium in light of globalization, deglobalization, reglobalization, and globalization as we know it today. The book fills a gap by scrutinizing the technological and political causes behind the long-term trends during the past thousand years.
