Shame is Salman Rushdie's third novel, published in 1983. This book was written out of a desire to approach the problem of "artificial" (other-made) country divisions, their residents' complicity, and the problems of post-colonialism— such as when Pakistan was created to separate the Muslims from the Hindus after England gave up control of India.

book provoked such mob violence, public outcries for the arrest and death of the author, and international efforts to secure her safety. The animosity and bloodletting between Muslim and Hindu extremists on the Indian subcontinent is centuries old. When the Barabri Mosque at Ayodhya, India, was destroyed by Hindu fundamentalists on December 6, 1992, fierce mob reprisals took place against the Hindu minority in Muslim Bangladesh. These incidents form the backdrop for Dr. Taslima Nasrin's explosive and courageous book, *Shame*, describing the nightmarish fate of one family within her country's small Hindu community. Her book so angered Muslim leaders that a fatwa, or holy judgment, was invoked, offering thousands of dollars to anyone who would kill her. The Soldiers of Islam accused her of blasphemy and conspiracy against Islam, while the Bengali government charged her with

sacrilege merely for saying that the Koran should be revised. After months in hiding, Dr. Nasrin escaped to Sweden with the aid of American, French, and European Union authorities. Her commitment to eliminating religious extremism worldwide is stated in her preface to *Shame*: The disease of religious fundamentalism must be fought at every turn. I will continue to write and protest persecution and discrimination. I am convinced that the only way the fundamentalist forces can be stopped is if all of us join together to fight their malignant influence. I, for one, will not be silenced. This novel has had serious repercussions for its creator. When it was published in Bangladesh, Muslim leaders in that country placed Nasrin under a fatwa or 'holy judgment' similar to that brought against Salman Rushdie for the Satanic Verses.

powerful, all-encompassing story. Max Ophuls' memorable life ends violently in Los Angeles in 1993 when he is murdered by his Muslim driver Noman Sher Noman, also known as Shalimar the Clown. At first the crime seems to be politically motivated—Ophuls was previously ambassador to India, and later US counterterrorism chief—but it is much more. Ophuls is a giant, an architect of the modern world: a Resistance hero and best-selling author, brilliant economist and clandestine US intelligence official. But it is as Ambassador to India that the seeds of his demise are planted, thanks to another of his great roles—irresistible lover. Visiting the Kashmiri village of Pachigam, Ophuls lures an impossibly beautiful dancer, the ambitious (and willing) Boonyi Kaul, away from her husband, and installs her as his mistress in Delhi. But their affair cannot be kept secret, and when Boonyi returns home, disgraced and obese, it

seems that all she has waiting for her is the inevitable revenge of her husband: Noman Sher Noman, Shalimar the Clown. He was an acrobat and tightrope walker in their village's traditional theatrical troupe; but soon Shalimar is trained as a militant in Kashmir's increasingly brutal insurrection, and eventually becomes a terrorist with a global remit and a deeply personal mission of vengeance. In this stunningly rich book everything is connected, and everyone is a part of everyone else. A powerful love story, intensely political and historically informed, Shalimar the Clown is also profoundly human, an involving story of people's lives, desires and crises, as well as—in typical Rushdie fashion—a magical tale where the dead speak and the future can be foreseen.

hybrid of reportage, fiction, and historical fact: the stories of three black men whose tragic lives speak resoundingly to the problem of race in British society. With his characteristic grace and forceful prose, Phillips describes the lives of three very different men: Francis Barber, “given” to the 18th-century writer Samuel Johnson, whose friendship with Johnson led to his wretched demise; Randolph Turpin, a boxing champion who ended his life in debt and decrepitude; and David Oluwale, a Nigerian stowaway who arrived in Leeds in 1949 and whose death at the hands of police twenty years later was a wake up call for the entire nation. As Phillips weaves together these three stories, he illuminates the complexities of race relations and social constraints with devastating results.

It argues that Sigmund Freud's concept of the family and the author's variations thereon are central to a full understanding of the four novels *Midnight's Children*, *Shame*, the controversial *The Satanic Verses* and *The Moor's Last Sigh*, a quasi-sequel to Rushdie's first success. Through close readings that make use of a variety of critical approaches, *Offspring Fictions* provides a sustained examination of how the parents and children that people Rushdie's fictions reflect the larger issues his work is concerned with: nationalism, religion, history and authorship. Aimed primarily at academics and students, but also of interest to the general reader, *Offspring Fictions* provides a clear and insightful analysis of Rushdie's family tetralogy.
