SPHDZ Book #1! 0 0 5 Autor: Jon Scieszka. Libro electrónico. Michael K. just started fifth grade at a new school. As if that wasn't hard enough, the kids he seems to have made friends with apparently aren't kids at all. They are aliens. Real aliens, who have invaded our planet disguised as school children and a hamster.

The campaign is going well. The SPHDZ word is getting out. 1000's of kids have signed up to say they are SPHDZ. But things haven't gotten any easier for Michael K. The SPHDZ are still trying to blend in to our Earth culture, but not very successfully. They're still mixing up Thanksgiving, cartoon plots, holidays, and commercials. This makes it especially hard for Michael K. to both hide the SPHDZ from Agent Umber and accomplish the SPHDZ Mission. He's forced to enlist the help of fellow fifth graders, Venus and TJ. When they (Michael K. and the SPHDZ) are given the assignment to write and perform the school play, Umber thinks he's closing in on the aliens...the kindergartners playing the turkeys.

Michael K. just started fifth grade at a new school. As if that wasn't hard enough, the kids he seems to have made friends with apparently aren't kids at all. They are aliens. Real aliens, who have invaded our planet disguised as school children and a hamster. They have a mission to complete: to convince 3,400,001 kids to BE SPHDZ in order to save the world! But with a hamster as their leader, "kids" who talk like walking advertisements, and Michael K. as their first convert, will the SPHDZ be able to keep their cover and pull off their assignment? Several websites mentioned in the book will be live...giving readers a full interactive experience.

Don't miss the stunning, riveting, hilarious, and 100% fresh conclusion to the interactive Spaceheadz saga! The SPHDZ accomplished their goal of recruiting 3.14 million and one SPHDZ. But the brainwave has been stolen by the chief of the Anti Alien Agency, and it's up to Michael K., the SPHDZ, and their allies to get it back. With three potential Chief sightings, the team is spread around the world, leaving Michael K., Venus, TJ, and the SPHDZ to hold down the fort and finish fifth grade. But with a mysterious new principal and graduation fast approaching, will they be able to find the missing brainwave before the Chief uses it to destroy a planet?

On his first day at Brooklyn's P.S. 858, fifth-grader Michael K. is teamed with two very strange students, and while he gradually comes to believe they are aliens who need his help, he has trouble convincing anyone else of the truth.

From the mind of the first National Ambassador for Young People's Literature, Jon Scieszka, the 100%, all-in-one Spaceheadz paperback boxed set. Michael K. is in fifth grade, and he has aliens for friends. As in, real aliens, disguised as school children. And a hamster. They're on a mission to convince 3.14 million—and one—kids to BE SPHDZ. But with a hamster as their leader, “kids” who talk like walking

advertisements, and Michael K. as their first convert, will the SPHDZ be able to keep their cover and pull off their assignment? This hilarious collection of all four SPHDZ books includes: SPHDZ Book #1!, SPHDZ Book #2!, SPHDZ Book #3!, and SPHDZ 4 LIFE!

Michael K has just started at his new school, but as if his very first day wasn't going to be hard enough, he's been forced to make friends with the two other new kids who are really weird. But, as Michael K soon finds out, Bob and Jennifer are not actually weird kids, they're aliens! Real aliens who have invaded our planet with one very important mission to complete: to convince 3,400,001 kids to BE SPHDZ too, or the Earth gets turned off! But with a hamster as their leader, "kids" who talk like walking advertisements and Michael K as their first convert, will the SPHDZ be able to keep their cover and complete their mission?

Jack Truck and his best friend Dump Truck Dan are spending the day doing their favorite thing... Smashing and Crashing throughout the whole town! Along the way they meet up with their friends and give us a rollicking tour! But when a mysterious shadow falls and a strange voice calls, is the duo in trouble? Or has a new friend come to town to join in all the smashing fun.

Alex, whose birthday it is, hijacks a story about Birthday Bunny on his special day and turns it into a battle between a supervillain and his enemies in the forest--who, in the original story, are simply planning a surprise party.

When the teacher tells her class that they can think of almost everything as a math problem, one student acquires a math anxiety which becomes a real curse.
