"EXAMBUSTERS AP Prep Workbooks" provide comprehensive AP review--one fact at a time--to prepare students to take practice AP tests. Each AP study guide focuses on fundamental concepts and definitions--a basic overview to begin reviewing for the AP exam. Up to 600 questions and answers, each volume in the AP series is a quick and easy, focused read. Reviewing AP flash cards is the first step toward more confident AP preparation and ultimately, higher AP exam scores!

The perfect way to prepare for exams, build problem-solving skills, and get the grade you want! For Chapters 1-22, this manual contains detailed solutions to approximately 20% of the problems per chapter (indicated in the textbook with boxed problem numbers). The manual also features a skills section, important notes from key sections of the text, and a list of important equations and concepts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This two-volume manual features detailed solutions to 20 percent of the end-of-chapter problems from the text, plus lists of important equations and concepts, other study aids, and answers to selected end-of-chapter questions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
