Chain Logistics Management presents Logistics in the context of integration within a firm's supply chain strategy and operations.

Supply Chain Logistics Management - McGraw Hill

This updated 5th edition is a clear guide to all the key topics in an integrated approach to supply chains. As well as new and updated examples and case studies, there are two new chapters: Routes to Market: Many companies now have to manage multiple distribution channels - this chapter covers strategic issues on how companies "go to market" along with the cost implications of using alternative channels.
