But he called her white trash that sultry Southern night when his rich, respected father disappeared, along with her pretty Mom. Now Faith wanted to hate Gray Rouillard...not to feel a powerful surge of desire. But she couldn't quench her passion, any more than she could hide the truth about the past she had waited so long to unravel. GRAY ROUILLARD: Even when he raised hell, he did it with style. Reckless, charming, and backed by Rouillard money, Gray controlled the town of Prescott -- and Devlin was a name he never wanted to hear again. But when he gazed at Faith Devlin, all he saw was a swirl of tangled sheets and her silken flesh beneath him. To care for her was impossible, unthinkable...because Gray Rouillard planned to use all his power to ruin her.

Isn't this what she secretly longs for? Never has Shelley felt more confused about what she really wants or what is best for them both. is a peerless voice of her generation, tackling the conflicts, contradictions, and sea changes that define us and our time. Now, in this dazzling collection of nine entirely original essays, written with a rare combination of give and sharpness, wit and fearlessness, she delves into the forces that warp our vision, demonstrating an unparalleled stylistic potency and critical dexterity. Trick Mirror is an enlightening, unforgettable trip through the river of self-delusion that surges just beneath the surface of our lives. This is a book about the incentives that shape us, and about how hard it is to see ourselves clearly through a culture that revolves around the self. In each essay, Tolentino writes about a cultural prism: the rise of the nightmare social internet; the advent of scamming as the definitive millennial ethos; the literary heroine's journey from brave to blank to bitter; the punitive dream of optimization, which insists that everything, including our bodies, should become more efficient and beautiful until we die. Gleaming with Tolentino's sense of humor and capacity to elucidate the impossibly complex in an instant, and marked by her desire to treat the reader with profound honesty, Trick Mirror is an instant classic of the worst decade yet. FINALIST FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD FOR THE ART OF THE ESSAY

Before the Internet became widely known as a global tool for terrorists, one perceptive U.S. citizen recognized its ominous potential. Armed with clear evidence of computer espionage, he began a highly personal quest to expose a hidden network of spies that threatened national security. But would the authorities back him up? Cliff Stoll's dramatic firsthand account is "a computer-age detective story, instantly fascinating [and] astonishingly gripping" (Smithsonian). Cliff Stoll was an astronomer turned systems manager at Lawrence Berkeley Lab when a 75-cent accounting error alerted him to the presence of an unauthorized user on his system. The hacker's code name was "Hunter"—a mysterious invader who managed to break into U.S. computer systems and steal sensitive military and security information. Stoll began a one-man hunt of his own: spying on the spy. It was a dangerous game of deception, broken codes, satellites, and missile bases—a one-man sting operation that finally gained the attention of the CIA . . . and ultimately trapped an international spy ring fueled by cash, cocaine, and the KGB.

As soon as I saw her, I knew I had to have her. I thought this Vegas fundraiser was going to be boring—another obligation to keep the family business alive. Boy, was I wrong. I don't remember anything about the night we spent together. But now we're married. Only problem is, I don't believe in true love. And she doesn't seem to, either. But this could work out for both of us. I need someone to stop my traditional Greek family from nagging me about settling down, and she could use some cash for reasons she doesn't care to disclose. I know a good deal when I see one. This is book 1 of a trilogy. You will have to purchase book 2 and 3 to finish the story.
