Hoodoo Voodoo: A Dark Rituals Anthology

Rituals have always been a powerful part of human life, from the ancient Aztec nation's human sacrifices to the simple act of brushing one's teeth in the morning. They can impart a sense of history, comfort, community, stability and at other times, power, mystery and horror. Some are grounded in centuries of tradition or superstition, while others are unique, individual creations. In this collection of 22 stories, you'll find the darker side of ritual in all the various forms you can imagine-from the ancient and ceremonial to the simple and homegrown. Some have real power, while others simply exist in the convoluted recesses of someone's mind. Some produce the desired effect, while others have an entirely different result. What binds them all together is the simple truth of any good ritual. Their practitioners -- and you, the reader -- just might be unalterably changed by them.

Hoodoo Voodoo: A Dark Rituals Anthology

Hoodoo, voodoo, and conjure are part of a mysterious world of magic that has long captured the popular imagination. This book is a convenient introduction to the subject for students and general readers. An opening chapter defines and classifies these magical beliefs and practices. This is followed by a wide range of examples and texts illustrating the richness of this spiritual tradition. The volume additionally discusses the presence of hoodoo, voodoo, and conjure in popular culture, whether in literary works or in such films as The Skeleton Key, and it overviews the scholarly treatment of the topic. The volume closes with a glossary and bibliography.

Hoodoo Voodoo is D.S. Marriott's second full-length collection and his first with Shearsman Books. In powerful works that interrogate what it is to be black in a majority white world, and indeed marginalised in any world, that call up unheard voices from the past that still need to speak to us today, Marriott gives us a poetry that we need in Britain today - perhaps more than the US: a poetry that merges the native modernist tradition with an infusion of 'negritude', and does not follow the easy narrative road. This is fine British poetry, pure and simple. That it happens also to be Black British poetry, for those who like easy classifications, is perhaps a bonus, but it is the work itself, not its source, that demands attention, and on its own terms.

Hoodoo Voodoo I See You returns to work I'd begun with Wole Soyinka and Henry Lewis Gates for a PBS project tentatively titled: The Image of the Black. This dealt with how white people see black people when seen through the prisms of their history and art. I wanted to ponder this some more, using the notion of an illuminated manuscript. It would contain drama, monologue, photo, video, music representations, and examine more closely the ancient, classic, Islamic and Asian world. Volume I. An intended second volume would include Slavery in the emerged corporate empires, Slavery and Islam, Slavery in Europe and America, Freedom, and Freedom and Democracy.

From the earliest slave narratives to modern fiction by the likes of Colson Whitehead and Jesmyn Ward, African American authors have drawn on African spiritual practices as literary inspiration, and as a way to maintain a connection to Africa. This volume has collected new essays about the multiple ways African American authors have incorporated Voodoo, Hoodoo and Conjure in their work. Among the authors covered are Frederick Douglass, Shirley Graham, Jewell Parker Rhodes, Zora Neale Hurston, Richard Wright, Ntozake Shange, Rudolph Fisher, Jean Toomer, and Ishmael Reed.

When they agreed to spend Halloween night in the middle of a swamp, the boys of the Society of Sublime Scribblers thought they were in for a few scary stories, but they never expected to become part of one! Instead of treats, the boys receive a heaping bag of tricks when the Bayou Bogeymen traps them into playing his twisted game: unless they can tell stories sinister enough to chill even the Bogeymen's bones, the boys might just become his midnight feast. In this haunting collection of Louisiana frights, an unsuspecting girl is shrunk down to the size of a speck of dust by a devilish miniature artist, a pair of ghostly children try to outsmart a voodoo queen, and a doll that lives in the walls whispers terrible things to sleeping children. These waking nightmares are enough to send even the bravest grownups hiding under the blankets, but will they keep the Bayou Bogeymen from devouring the innocent Scribblers? Written by nine Southern authors with a proclivity for the paranormal, this middle reader collection is sure to satisfy horror lovers of all ages. But consider yourself warned—you might just need to sleep with the lights on!
