In his consideration of the language of the fashion magazine—the structural analysis of descriptions of women's clothing by writers about fashion—Barthes gives us a brief history of semiology.

The Fashion System by Roland Barthes—Goodreads

Fashion never ceases to interest psychologists, aestheticians and sociologists. Roland Barthes, however, examined fashion from a new point of view. Using descriptions from magazines, he uncovered a system of meaning and subjected it for the first time to semantic analysis. The Fashion System, published in France in 1967, is bold and imaginative. In his endeavour to confine his love, outrage and passion for fashion to a system, Barthes created a work of literature that is witty, humane ...

The fashion industry forms part of a larger social and cultural phenomenon known as the "fashion system," a concept that embraces not only the business of fashion but also the art and craft of fashion, and not only production but also consumption. The fashion designer is an important factor, but so also is the individual consumer who chooses, buys, and wears clothes, as well as the language and imagery that contribute to how consumers think about fashion.

Fashion industry—Fashion retailing; marketing; and---

The theory, which is also described as ethico-political entity, considers the idea of the body as one that functions as a "fashion word" that provides the illusion of a grounded discourse. This theory has influenced the work of other thinkers such as Jerome Bel. Photography and Henriette Barthes

Roland Barthes—Wikipedia

Fashion hasn't had time to reset its systems and values for a digital revolution. So you have a lot of dumb decisions being made. The fast fashion labels having such enormous success are going to be dangling little cherries in the eyes of fashion executives, so they're going to speed up their process and do more collections.

The Fashion System: Donna Karan—WWD

He was the first designer to co-author a public bid for change to the fashion system, proposing a rescheduling of shows and collection delivery dates to align fashion seasons with real seasons, and fix an unsustainable retail cycle.

'The Big System Is Falling Down': Dries Van Noten On The---

His first book on the subject, published in 1967, is titled The Fashion System. Here, Barthes analyses the flowery, descriptive language in fashion magazines Elle and Le Jardin des Modes , instead of the images printed in such publications, stating that: "It is not the object but the name that creates desire; it is not the dream but the meaning that sells".
