inconspicuous venues away from unwanted spectators. A winner could be hanged if the loser died. A knockout biography of John L. Sullivan that puts the fabled boxing champ squarely in the context of his rough-and-tumble times. Drawing on a wealth of contemporary sources, including the scandalous National Police Gazette, Isenberg (History/Annapolis) recounts how Sullivan brawled his way from a working-class background in Boston's Irish ghetto to the top of the prizefighting world.

"I can lick any son-of-a-bitch in the world." So boasted John L. Sullivan, the first modern heavyweight boxing champion of the world, a man who was the gold standard of American sport for more than a decade, and the first athlete to earn more than a million dollars. He had a big ego, big mouth, and bigger appetites. His womanizing, drunken escapades, and chronic police-blotter presence were godsend to a burgeoning newspaper industry.

The larger-than-life boxer embodied the American Dream for late nineteenth-century immigrants as he rose from Boston's Irish working class to become the most recognizable man in the nation. In the process, the "Boston Strong Boy" transformed boxing from outlawed bare-knuckle fighting into the gloved spectacle we know today. Strong Boy tells the story of America's first sports superstar, a self-made man who personified the power and excesses of the Gilded Age. Everywhere John L. Sullivan went, his fists backed up his bravado. Sullivan's epic brawls, such as his 75-round bout against Jake Kilrain, and his cross-country barnstorming tour in which he literally challenged all of America to a fight are recounted in vivid detail, as are his battles outside the ring with a troubled marriage, wild weight and fitness fluctuations, and raging alcoholism. Strong Boy gives readers ringside seats to the colorful tale of one of the country's first Irish-American heroes and the birth of the American sports media and the country's celebrity obsession with athletes.

Essentially the last of the bare-knuckle heavyweight champions, John L. Sullivan was instrumental in the acceptance of gloved fighting. His charisma and popular appeal during this transitional period contributed greatly to making boxing a nationally popular, "legitimate" sport. Sullivan became

boxing's first superstar and arguably the first of any sport. From his first match in the late 1870s through his final championship fight in 1892, this biography contains a thoroughly researched, detailed accounting of John L. Sullivan's boxing career. With special attention to the 1880s, the decade during which Sullivan came to prominence, it follows Sullivan's skill development and discusses his opponents and fights in detail, providing various viewpoints of a single event. Beginning with a discussion of early boxing practices, the sport itself is placed within sociological, legal and historical contexts including anti-prize fighting laws and the so-called "color line." A complete record of Sullivan's career is also included.

"The best thing to happen to Bing Crosby since Bob Hope," (WSJ) Gary Giddins presents the second volume of his masterful multi-part biography Bing Crosby dominated American popular culture in a way that few artists ever have. From the dizzy era of Prohibition through the dark days of the Second World War, he was a desperate nation's most beloved entertainer. But he was more than just a charismatic crooner: Bing Crosby redefined the very foundations of modern music, from the way it was recorded to the way it was orchestrated and performed. In this much-anticipated follow-up to the universally acclaimed first volume, NBCC Winner and preeminent cultural critic Gary Giddins now

focuses on Crosby's most memorable period, the war years and the origin story of White Christmas. Set against the backdrop of a Europe on the brink of collapse, this groundbreaking work traces Crosby's skyrocketing career as he fully inhabits a new era of American entertainment and culture. While he would go on to reshape both popular music and cinema more comprehensively than any other artist, Crosby's legacy would be forever intertwined with his impact on the home front, a unifying voice for a nation at war. Over a decade in the making and drawing on hundreds of interviews and unprecedented access to numerous archives, Giddins brings Bing Crosby, his work, and his world to vivid life--firmly reclaiming Crosby's central role in American cultural history.

were extraordinary: the first black boxing champion, the first Canadian boxing champion, the first boxing champion of multiple weight classes, and the first boxing champion to lose regain his title. He defended his title more than any other champion - then or since - and he reportedly fought in an unprecedented 800 bouts. Making these achievements more astonishing was the context within which these achievements were earned: George Dixon publically fought and beat hundreds of white boxers in an age when black men were routinely lynched for simply being black. Boxing historian and Ring Magazine founder Nat Fleischer once said of Dixon, "For his ounces and inches, there never was a lad his equal. Even in the light of the achievements of John L. Sullivan [the first heavyweight champion in boxing, the critics of his days referred to 'Little Chocolate' [George Dixon as the greatest fighter of all time. I doubt there ever was a pugilist who was as popular during his entire career." Simply put, said Fleischer, "He had everything." Sam Austin, the larger-than-life sports editor at America's first tabloid newspaper, the Police Gazette, described George Dixon as "The Fighter Without a Flaw." Said Austin, "The fact cannot be disputed that the greatest fistic fighter, big or little, that the world has ever known is George Dixon." Still, despite his extraordinary accomplishments, effusive adulation, and spectacular riches, George

Dixon died a beggar, in the alcoholic ward of New York's Bellevue Hospital - homeless, forgotten, and alone. And yet, ironically, while George Dixon was being forgotten, his story was becoming a familiar archetype - the tale of a young black man who uses his fists and wits to fight his way against unrelenting challenges to become Champion of the World. He becomes famous, rich, and loved by all. But then he overreaches. He lives the life of the "sport" - he gambles, carouses, and drinks - until he stays in the ring one fight too many. And he loses it all. But George Dixon's story is singularly different. George Dixon followed no one. And for this reason, his story - his triumphs and tragedies as well as his rise and fall - transcends cliché. So who was George Dixon? And what motivated this genuinely modest man, born in Africville, Nova Scotia, to achieve what no other black man had achieved before him? What strength of character earned him, against all odds, true greatness? And what failure of character, in the end, took that greatness away? Before Mohammad Ali and Joe Louis, before Sugar Ray Robinson and Jack Johnson, before Marvelous Marvin Hagler and Sugar Ray Leonard, before all the great black boxing champions of every age and every weight class, there was George Dixon. He was the first. He was the greatest. And this is his story.
