The Psychiatric Mental Status Exam (MSE)

The mental state examination is basically the psychiatric "physical examination", for example: a patient with breathing problems needs a respiratory examination, in the same way that a psychiatric patient requires a mental state examination.

---

Mental State Assessment · Psychiatry · OSCE Skills ...

Mental Status Examination. Department of Psychiatry and Behavioral Sciences. The Mental Status Exam is analogous to the physical exam: it is a series of observations and examinations at one point in time. Focused questions and observations can reveal "normal" or pathological findings. Although our observations occur in the context of an interview and may therefore be ordered differently for each patient, the report of our findings is ordered and "paints a picture" of a patient's appearance, ...
