Titan: The Life of John D. Rockefeller, Sr. (Vintage) ...

Easily the best biography I've EVER read, (well apart from Autobiography of a Yogi), Titan is a marvel. Written in a flawless, lucid style, the book describes the life and times of John Rockefeller, the legendary business tycoon of 19th century

America.

Titan: The Life of John D. Rockefeller, Sr. (Audio ...

"Titan: The Life of John D. Rockefeller, Sr." is the fourth of seven books Ron Chernow has written. Among his others are the Pulitzer Prize-winning "Washington: A Life," the widely-acclaimed "Alexander Hamilton," his inaugural book "The House of Morgan" and his recent biography of Ulysses S. Grant.

Titan: The Life of John D. Rockefeller, Sr. by Ron Chernow

John D. Rockefeller's story captures a pivotal moment in American history, documenting the dramatic post-Civil War shift from small business to the rise of giant corporations that irrevocably transformed the nation. With cameos by Joseph Pulitzer, William Randolph Hearst, Jay Gould, William Vanderbilt, Ida Tarbell, Andrew Carnegie, Carl Jung, J. Pierpont Morgan, William James, Henry Clay Frick, Mark Twain, and Will Rogers, Titan turns Rockefeller's life into a vivid tapestry of American ...

Titan : the life of John D. Rockefeller, Sr. : Chernow ...

Titan: The Life of John D. Rockefeller, Sr. may seem daunting at 800 pages, but if you make the effort, you'll reap several benefits. You'll gain insight into one of the great leaders of American business and world history. You'll learn about his humanity, his strengths and his faults, and the way they interact much as they do in each of us.

Book Review: Titan: The Life of John D. Rockefeller, Sr.

Chernov, Ron, "Titan: The Life of John D. Rockefeller, Sr." (1998).

"Titan: The Life of John D. Rockefeller, Sr." by Ron Chernov

The biography is an in-depth portrait of a true business titan, the richest man and greatest philanthropy of his era and – for a time – the most hated man in America: John D. Rockefeller, Sr. Instead of recreating a Wikipedia-article of his life, this post will seek to highlight some of the characteristics that made the titan so successful.

The author draws on Rockefeller's own papers to provide a biography of the legendary oilman, capitalist, and philanthropist

National Book Critics Circle Award Finalist From the acclaimed, award-winning author of Alexander Hamilton: here is the essential, endlessly engrossing biography of John D. Rockefeller, Sr.—the Jekyll-and-Hyde of American capitalism. In the course of his nearly 98 years, Rockefeller was known as both a rapacious robber baron, whose Standard Oil Company rode roughshod over an industry, and a philanthropist who donated money lavishly to universities and medical centers. He was the terror of his competitors, the bogeyman of reformers, the delight of caricaturists—and an utter enigma. Drawing on unprecedented access to Rockefeller's private papers, Chernow reconstructs his subjects' troubled origins (his father was a swindler and a bigamist) and his single-minded pursuit of wealth. But he also uncovers the profound religiosity that drove him “to give all I could”; his devotion to his father; and the wry sense of humor that made him the country's most colorful codger. Titan is a magnificent biography—balanced, revelatory, elegantly written.

From the Pulitzer Prize-winning bestselling author of Alexander Hamilton, the inspiration for the hit Broadway musical, comes this definitive biography of the Warburgs, one of the great German-Jewish banking families of the twentieth century. Bankers, philanthropists, scholars, socialites, artists, and politicians, the Warburgs stood at the pinnacle of German (and, later, of German-American) Jewry. They forged economic dynasties, built mansions and estates, assembled libraries, endowed charities, and advised a German kaiser and two American presidents. But their very success made the Warburgs lightning rods for anti-Semitism, and their sense of patriotism became increasingly dangerous in a Germany that had declared Jews the enemy. Ron Chernow's hugely fascinating history is a group portrait of a clan whose members were renowned for their brilliance, culture, and personal energy yet tragically vulnerable to the dark and irrational currents of the

Download File PDF Titan Life John Rockefeller Sr

twentieth century.

Traces the shifting balance of power among investors, borrowers, and bankers, explaining why such great financial dynasties as the Rothschilds, the Morgans, and the Warburgs have become obsolete in the 1990s. Original. 20,000 first printing.

Advice and words of wisdom from the greatest American businessman and philanthropist. John D. Rockefeller is considered to be the wealthiest man to have ever lived, after adjusting for inflation. An American businessman who made his wealth as a cofounder and leading figure of the Standard Oil Company, he also had a pivotal role in creating our modern system of philanthropy. Collected in John D. Rockefeller on Making Money are the words from the man himself, offering advice on how to successfully start and manage a booming business, as well as the most efficient ways to preserve your wealth once you have acquired it. These quotes also cover: Happiness in the face of great wealth Money and its effects Thoughts on facing public criticism Thoughts on big business in the USA Included are John D. Rockefeller's thoughts on the most sage and conscientious manner of distributing and sharing your wealth when your wealth is overflowing. Finally, we get a glimpse into Rockefeller's life with the inclusion of some of his most personal correspondence.

Probably in the life of every one there comes a time when he is inclined to go over again the events, great and small, which have made up the incidents of his work and pleasure, and I am tempted to become a garrulous old man, and tell some stories of men and things which have happened in an active life. In some measure I have been associated with the most interesting people our country has produced, especially in business-men who have helped largely to build up the commerce of the United States, and who have made known its products all over the world. These incidents which come to my mind to speak of seemed vitally important to me when they happened, and they still stand out distinctly in my memory.

Published to critical acclaim twenty years ago, and now considered a classic, *The House of Morgan* is the most ambitious history ever written about American finance. It is a rich, panoramic story of four generations of Morgans and the powerful, secretive firms they spawned, ones that would transform the modern financial world. Tracing the trajectory of J. P. Morgan's empire from its obscure beginnings in Victorian London to the financial crisis of 1987, acclaimed author Ron Chernow paints a fascinating portrait of the family's private saga and the rarefied world of the American and British elite in which they moved—a world that included Charles Lindbergh, Henry Ford, Franklin Roosevelt, Nancy Astor, and Winston Churchill. A masterpiece of financial history—it was awarded the 1990 National Book Award for Nonfiction and selected by the Modern Library as one of the 100 Best Nonfiction Books of the Twentieth Century—*The House of Morgan* is a compelling account of a remarkable institution and the men who ran it, and an essential book for understanding the money and power behind the

major historical events of the last 150 years.

"Makes a reader feel like a time traveler plopped down among men who were by turns vicious and visionary."—The Christian Science Monitor The modern American economy was the creation of four men: Andrew Carnegie, John D. Rockefeller, Jay Gould, and J. P. Morgan. They were the giants of the Gilded Age, a moment of riotous growth that established America as the richest, most inventive, and most productive country on the planet. Acclaimed author Charles R. Morris vividly brings the men and their times to life. The ruthlessly competitive Carnegie, the imperial Rockefeller, and the provocateur Gould were obsessed with progress, experiment, and speed. They were balanced by Morgan, the gentleman businessman, who fought, instead, for a global trust in American business. Through their antagonism and their verve, they built an industrial behemoth—and a country of middle-class consumers. *The Tycoons* tells the incredible story of how these four determined men wrenched the economy into the modern age, inventing a nation of full economic participation that could not have been imagined only a few decades earlier.

The youngest son of John D. Rockefeller, Jr., and Abby Aldrich Rockefeller narrates the story of his life, from his youth and Harvard education, through his military service during World War II, to his career in business and finance, and chronicles his varied roles as financier, philanthropist, and unofficial international envoy. Reprint. 75,000 first printing.
