This new introduction to the Old Norse Language of the sagas answers the need for an easy-to-use "primer." Carefully designed, this book requires no previous knowledge and is a quick and exciting way for modern self-learners and classes to read Old Scandinavian sources about the Viking Age. The concise lessons supply all necessary grammar, exercises, and vocabulary. The beginner quickly starts reading original passages from sagas and The Prose Edda (a primary mythological source). Here is an excellent way to begin mastering Old Norse. For more, visit [juleswilliampress.com](http://juleswilliampress.com) and [oldnorse.org](http://oldnorse.org)

Viking Language 2: The Old Norse Reader (Book 2 in The Viking Language Series) is a treasure trove of Scandinavian lore, immersing the learner in Old Norse sources and runes. The book offers a large vocabulary, chapters on eddic and skaldic poetry, and a reference grammar. The learner reads complete sagas, myths, creation stories, legends, and runic inscriptions. There are passages and poems about Scandinavian gods, monster-slayers, dwarves, giants, and warrior kings, and queens. This book takes the reader deep into the world of the Vikings, their language, literature, and runes. Byock sees the crucial element in the origin of the Icelandic sagas not as the introduction of writing or the impact of literary borrowings from the continent but the subject of the tales themselves - feud. This simple thesis is developed into a thorough examination of Icelandic society and feud, and of the narrative technique of recounting it.

Medieval Iceland was unique amongst Western Europe, with no foreign policy, no defence forces, no king, no lords, no peasants and few battles. It should have been a utopia yet its literature is dominated by brutality and killing. The reasons for this, argues Jesse Byock, lie in the underlying structures and cultural codes of the islands' social order. 'Viking Age Iceland' is an engaging, multi-disciplinary work bringing together findings in anthropology and ethnography interwoven with historical fact and masterful insights into the popular Icelandic sagas, this is a brilliant reconstruction of the inner workings of a unique and intriguing society.

The first edition of this standard work was published in 1927 and has been reprinted several times. This second edition has been revised and reset and the saga Hrafnkels saga freysgoa is now included in its entirety. The work is now available for the first time in paperback.

The medieval Norse-Icelandic saga is one of the most important European vernacular literary genres of the Middle Ages. This Introduction to the saga genre outlines its origins and development, its literary character, its material existence in manuscripts and printed editions, and its changing reception from the Middle Ages to the present time. Its multiple sub-genres - including family sagas, mythical-heroic sagas and sagas of knights - are described and discussed in detail, and the world of medieval Icelanders is powerfully evoked. The first general study of the Old Norse-Icelandic saga to be written in English for some decades, the Introduction is based on up-to-date scholarship and engages with current debates in the field. With suggestions for further reading, detailed information about the Icelandic literary canon, and a map of medieval Iceland, this book is aimed at students of medieval literature and assumes no prior knowledge of Scandinavian languages.

Never be lost for words again...with this book of lost words. Have you ever wanted to wield the silver tongue of Loki - or to hammer home your point like a Thundergod? Old Norse is the language of legends and the stuff of sagas, the inspiration for Tolkien and Marvel, for award-winning manga and epic videogames. It is the language of cleverly crafted kennings, blood-curdling curses and pithy retorts to Ragnarök. Old Norse for Modern Times gives you the perfect phrase for every contemporary situation - from memorable movie quotes ("We're going to need a bigger boat." Þurfa munu vér skip stærra) to battle-cries to yell on Discord ("Do I look to be in a gaming mood?" Sýnisk þér ek vera í skapi til leika?), from mead hall musings ("This drink, I like it! ANOTHER!" Líkar mér drykkur þessi! ANNAN!) to tried-and-tested pickup lines ("Nice tattoo!"? Fagrt er húðflúrið"). With over 500 phrases inside (plus the chance to add your own!) it is the perfect guide for Vikings fans, whether they are re-enactors, role-players, or simply in love with Ragnar.

The Vikings maintain their grip on our imagination, but their image is too often distorted by myth. It is true that they pillaged, looted, and enslaved. But they also settled peacefully and traveled far from their homelands in swift and sturdy ships to explore. The Age of the Vikings tells the full story of this exciting period in history. Drawing on a wealth of written, visual, and archaeological evidence, Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage. He not only explains the Viking attacks, but also looks at Viking endeavors in commerce, politics, discovery, and colonization, and reveals how Viking arts, literature, and religious thought evolved in ways unequalled in the rest of Europe. The Age of the Vikings sheds new light on the complex society, culture, and legacy of these legendary seafarers.
