National Book Award Finalist! Instant New York Times Bestseller! The Absolutely True Diary of a Part-Time Indian meets Jane the Virgin in this poignant but often laugh-out-loud funny contemporary YA about losing a sister and finding yourself amid the pressures, expectations, and stereotypes of growing up in a Mexican American home. Perfect Mexican daughters do not go away to college. And they do not move out of their parents' house after high school graduation. Perfect Mexican daughters never abandon their family. But Julia is not your perfect Mexican daughter. That was Olga's role. Then a tragic accident on the busiest street in Chicago leaves Olga dead and Julia left behind to reassemble the shattered pieces of her family. And no one seems to acknowledge that Julia is broken, too. Instead, her mother seems to channel her grief into pointing out every possible way Julia has failed. But it's not long before Julia discovers that Olga might not have been as perfect as everyone thought. With the help of her best friend, Lorena, and her first love (first everything), Connor, Julia is determined to find out. Was Olga really what she seemed? Or was there more to her sister's story? And either way, how can Julia even attempt to live up to a seemingly impossible ideal?

Paramahansa Yogananda teaches us how to break the shackles of fear and reveals how we can overcome our own psychological stumbling blocks. Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it.

The bestselling phenomenon and inspiration for the award-winning film. Earthy, magical, and utterly charming, this tale of family life in turn-of-the-century Mexico blends poignant romance and bittersweet wit. This classic love story takes place on the De la Garza ranch, as the tyrannical owner, Mama Elena, chops onions at the kitchen table in her final days of pregnancy. While still in her mother's womb, her daughter to be weeps so violently she causes an early labor, and little Tita slips out amid the spices and fixings for noodle soup. This early encounter with food soon becomes a way of life, and Tita grows up to be a master chef, using cooking to express herself and sharing recipes with readers along the way.

Electronic open access edition funded by the National Endowment for the Humanities. Covering from 1915 to the present, this book deals with the role that artists and intellectuals have played regarding projects of European integration. Consciously or not, they partake of a tradition of Euroskepticism. Because Euroskepticism is often associated with the discourse of political elites, its literary and artistic expressions have gone largely unnoticed. This book addresses that gap. Taking Spain as a case study, author Luis Martí n-Estudillo analyzes its conflict over its own Europeanness or exceptionalism, as well as the European view of Spain. He ranges from canonical writers like Unamuno, Ortega y Gasset, and Zambrano to new media artists like Valeriano L ópez, Carlos Spottorno, and Santiago Sierra. Martí n-Estudillo provides a new context for the current refugee crisis, the North-South divide among EU countries, and the generalized disaffection toward the project of European integration. The eclipsed critical tradition he discusses contributes to a deeper understanding of the notion of Europe and its institutional embodiments. It gives resonance to the intellectual and cultural history of Europe's "peripheries" and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations.
