Zone One is a 2011 novel by author Colson Whitehead. Blending elements of genre fiction and literary fiction, the novel takes place in a post-apocalyptic United States ravaged by zombies. Whitehead has stated that the novel was partly an attempt to return to his adolescent fascination with horror writer Stephen King and science fiction icon ...

Zone One - Wikipedia

"Zone One" by Colson Whitehead. Whitehead is an African American author. I read one other book by him "The Underground Railroad" and decided that if that book was fantastic, this would be too. Unfortunately that wasn't true. This book was divided into three parts and the only part that became mildly interesting was the "Saturday" section. "Sunday" was the shortest and for that I'm thankful ...

Zone One by Colson Whitehead - Goodreads

As I learned from reading *The Underground Railroad* (one of my favorite books of 2016), Colson Whitehead is all about taking a genre that you think you know and turning it on its head. Zone One is a zombie novel, but it's not what we've come to expect from this sub-genre: it's a snarky satire that focuses its commentary more on modern society than innate humanity.

Zone One eBook: Whitehead, Colson: Amazon.co.uk: Kindle Store

One of Zone One 's departures from the "normative" zombie apocalypse narrative is the fact that there are zombies who are not exactly pernicious, who become immobile, tethered to a location associated with a specific memory buried deep in a "mind" that can no longer think. They are catatonic beasts. They are called stragglers.

Why now is a great time to read Colson Whitehead 's Zone One.

In this wry take on the post-apocalyptic horror novel, a pandemic has devastated the planet. The plague has sorted humanity into two types: the uninfected and the infected, the living and the living dead.

Zone One by Colson Whitehead

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* A pandemic has devastated the planet, sorting humanity into two types: the uninfected and the infected, the living and the living dead. After the worst of the plague is over, armed forces stationed in Chinatown 's Fort Wonton have successfully reclaimed the island south of Canal Street—aka Zone One. Mark Spitz is a member of one of the three-person civilian sweeper units tasked with clearing lower Manhattan of the remaining feral zombies. Zone One unfolds over three surreal days in which Spitz is occupied with the mundane mission of stragglers removal, the rigors of Post-Apocalyptic Stress Disorder (PASD), and the impossible task of coming to terms with a fallen world. And then things start to go terribly wrong... At once a chilling horror story and a literary novel by a contemporary master, *Zone One* is a dazzling portrait of modern civilization in all its wretched, shambling glory. Look for Colson Whitehead 's new novel, *Harlem Shuffle*, coming this September!

From the author of the Man Booker longlisted *The Underground Railroad* A pandemic has devastated the planet, sorting humanity into two types: the uninfected and the infected, the living and the living dead. The worst of the plague is now past, and Manhattan is slowly being resettled. Armed forces have successfully reclaimed the island south of Canal Street - aka 'Zone One' and teams of civilian volunteers are clearing out the remaining infected 'stragglers'. Mark Spitz is a member of one of these taskforces and over three surreal days he undertakes the mundane mission of malfunctioning zombie removal, the rigours of Post-Apocalyptic Stress Disorder, and attempting to come to terms with a fallen world. But then things start to go terribly wrong...

From the author of the Man Booker longlisted *The Underground Railroad* A pandemic has devastated the planet, sorting humanity into two types: the uninfected and the infected, the living and the living dead. The worst of the plague is now past, and Manhattan is slowly being resettled. Armed forces have successfully reclaimed the island south of Canal Street – aka 'Zone One' and teams of civilian volunteers are clearing out the remaining infected 'stragglers' . Mark Spitz is a member of one of these taskforces and over three surreal days he undertakes the mundane mission of malfunctioning zombie removal, the rigours of Post-Apocalyptic Stress Disorder, and attempting to come to terms with a fallen world. But then things start to go terribly wrong...

In a post-apocalyptic world decimated by zombies, survivor efforts to rebuild are focused on Manhattan, where civilian team member Mark Spitz works to eliminate remaining infected stragglers and remembers his horrifying experiences at the height of the zombie plague. By the Whiting Writers' Award-winning author of *Sag Harbor*.

New York nach der Apokalys: Es gibt nur noch zwei Sorten von Menschen, Nicht-Infizierte und Infizierte, die als Zombies ihr Unwesen treiben. In Zone One, dem südllichen Teil von Manhattan, soll Mark Spitz, ein Held von konkurrenzloser Mittelmäßigkeit, mit einem Trupp Zivilisten die Zombies bekämpfen und die Menschheit retten. Doch ist er vielleicht selbst schon einer von ihnen? Colson Whitehead hat eine grandiose Persiflage des Horror-Genres geschrieben, in der sich Trash-Talk mit feinstem Humor verbindet, ein Porträt der Megapole New York - wie sie werden könnte oder bereits schon ist.

In a dazzlingly original work of nonfiction, the two time Pulitzer-Prize winning author of *The Underground Railroad* and *The Nickel Boys* recreates the exuberance, the chaos, the promise, and the heartbreak of New York. Here is a literary love song that will entrance anyone who has lived in—or spent time—in the greatest of American cities. A masterful evocation of the city that never sleeps, *The Colossus of New York* captures the city 's inner and outer landscapes in a series of vignettes, meditations, and personal memories. Colson Whitehead conveys with almost uncanny immediacy the feelings and thoughts of longtime residents and of newcomers who dream of making it their home, of those who have conquered its challenges; and of those who struggle against its cruelties. Whitehead 's style is as multilayered and multiracious as New York itself. Switching from third person, to first person, to second person, he weaves individual voices into a jazzy musical composition that perfectly reflects the way we experience the city. There is a funny, knowing riff on what it feels like to arrive in New York for the first time; a lyrical meditation on how the city is transformed by an unexpected rain shower; and a wry look at the ferocious battle that is commuting. The plaintive notes of the lonely and dispossessed resound in one passage, while another captures those magical moments when the city seems to be talking directly to you, inviting you to become one with its rhythms. *The Colossus of New York* is a remarkable portrait of life in the big city. Ambitious in scope, gemlike in its details, it is at once an unparalleled tribute to New York and the ideal introduction to one of the most exciting writers working today. Look for Colson Whitehead 's new novel, *Harlem Shuffle*, coming this September!

Interviewing an alcoholic who witnessed a murder, Sheriff Hack Holland and his deputy recognize the work of serial killer Preacher Jack Collins in an investigation that is assisted by the enigmatic Anton Ling.

This debut novel by the two time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* wowed critics and readers everywhere and marked the debut of an important American writer. Nominated as one of America 's best-loved novels by PBS 's *The Great American Read* It is a time of calamity in a major metropolitan city's Department of Elevator Inspectors, and Lila Mae Watson, the first black female elevator inspector in the history of the department, is at the center of it. There are two warring factions within the department: the Empiricists, who work by the book and dutifully check for striations on the winch cable and such; and the Intuitionists, who are simply able to enter the elevator cab in question, meditate, and intuit any defects. Lila Mae is an Intuitionist and, it just so happens, has the highest accuracy rate in the entire department. But when an elevator in a new city building goes into total freefall on Lila Mae's watch, chaos ensues. It's an election year in the Elevator Guild, and the good-old-boy Empiricists would love nothing more than to assign the blame to an Intuitionist. But Lila Mae is never wrong. The sudden appearance of excerpts from the lost notebooks of Intuitionism's founder, James Fulton, has also caused quite a stir. The notebooks describe Fulton's work on the "black box," a perfect elevator that could reinvent the city as radically as the first passenger elevator did when patented by Elisha Otis in the nineteenth century. When Lila Mae goes underground to investigate the crash, she becomes involved in the search for the portions of the notebooks that are still missing and uncovers a secret that will change her life forever. Look for Colson Whitehead 's new novel, *Harlem Shuffle*, coming this September!

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys*: a tender, hilarious, and supremely original novel about coming-of-age in the 80s. Benji Cooper is one of the few black students at an elite prep school in Manhattan. But every summer, Benji escapes to the Hamptons, to Sag Harbor, where a small community of African American professionals have built a world of their own. The summer of '85 won't be without its usual trials and tribulations, of course. There will be complicated new handshakes to fumble through and state-of-the-art profanity to master. Benji will be tested by contests big and small, by his mishapen haircut (which seems to have a will of its own), by the New Coke Tragedy, and by his secret Lite FM addiction. But maybe, just maybe, this summer might be one for the ages. Look for Colson Whitehead 's new novel, *Harlem Shuffle*, coming this September!

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* Colson Whitehead 's triumphant novel is on one level a multifaceted retelling of the story of John Henry, the black steel-driver who died outracing a machine designed to replace him. On another level it 's the story of a disaffected, middle-aged black journalist on a mission to set a record for junketeering who attends the annual John Henry Days festival. It is also a high-velocity thrill ride through the tunnel where American legend gives way to American pop culture, replete with p. r. f. l. a. c. s, stamp collectors, blues men , and turn-of-the-century song pluggers. *John Henry Days* is an acrobatic, intellectually dazzling, and laugh-out-loud funny book that will be read and talked about for years to come. Look for Colson Whitehead 's new novel, *Harlem Shuffle*, coming this September!
